

2022 Kangerlussuaq Quarantine Fact Sheet

Document review: March 21, 2022

Overview

This fact sheet outlines requirements for arrival quarantine in Kangerlussuaq. Additional details will be posted in your Quarantine Room and provided during the quarantine by Battelle ARO Kangerlussuaq staff.

If you experience any symptoms of illness, remain in your room and contact the Battelle ARO Quarantine Coordinator for guidance.

All continuing to Summit Station will complete a 5–7-day quarantine

- Transportation will be arranged from the aircraft to the lodging for a room-based quarantine.
- Community interaction is not permitted during the quarantine period. (Restriction of movement will continue throughout your deployment.)
- Solo exercise is permitted during quarantine for walks on the road to Lake Ferguson. You must check out with the Battelle ARO Quarantine Coordinator; wear a mask until you cross the bridge and any time you see other people and carry a communications device.
- No other outside activity is permitted during quarantine.

Accommodations in Kangerlussuaq

You will be staying in Battelle ARO-leased lodging. Meals will be provided. Quarantine is stocked and staffed to accommodate food allergies and the dietary restrictions of gluten free, vegetarian, and non-vegetarian eaters.

COVID-19 Test

You will take a COVID-19 test on day five in Greenland. Battelle ARO will coordinate the test and transport. You must wear PPE and bring your passport. You will return to quarantine after your test to await results.

Miscellaneous needs during quarantine

Plan carefully to ensure you have adequate medications, toiletries, etc., for your Greenland quarantine period.

Upon receipt of negative test results

You will minimize interaction with the local community as you await your flight to Summit Station, which will be scheduled as soon as possible to reduce exposure risk. Battelle ARO Kangerlussuaq staff will coordinate gear issue and transport.
